

TENTATIVE CALENDAR OF TRAININGS: 2014 - 15

S.No.	Initiative	Activities	Month	Contact Person
1.	Strengthening environmental regulators and governance	Training for Bihar State Pollution Control Board	May	Nivit@cseindia.org
2.	Green Rural development	Training on Designing Decentralised Wastewater Treatment for Sustainable Rural Sanitation	June	Chhavi@cseindia.org
3.	Water conservation and rain water harvesting: Urban Lakes	Training on Urban RWH systems with WAB, Bangladesh	June	Uday@cseindia.org
4.	Strengthening environmental regulators and governance	Training for Bihar State Pollution Control Board	June	Nivit@cseindia.org
5.	Strengthening environmental regulators and governance	Training for Gujarat Pollution Control Board	June	Nivit@cseindia.org
6.	Building capacity for pollution abatement and waste management	Training Programme on SIA	June	Sonia@cseindia.org
7.	Build knowledge and capacity of stakeholders for ambitious and equitable climate deal and climate resilience	Probationers and mid-career level training programme for IFS officials	June	Uthra@cseindia.org
8.	Capacity building for air quality and mobility transition	Training Programme on Air quality and mobility management	June	Priyanka@cseindia.org
9.	Sustainable Green Campus	2 GSP teacher training for existing partners	June	Ajanta@cseindia.org
10.	Building a cadre of young professionals both national and international	Agenda for Survival	June	Sharmila@cseindia.org
11.	Green Rural development	Training on Designing Decentralised Wastewater Treatment for Sustainable Rural Sanitation	July	Chhavi@cseindia.org
12.	Green Rural Development	Training on Designing Rainwater Harvesting for Sustainable Drinking Water Supply Systems	July	Uday@cseindia.org
13.	Capacity building for air quality and mobility transition	Training programme for regulators on Sustainable Mobility Strategies	July	Priyanka@cseindia.org

14.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	July	Kiran@cseindia.org
15.	Wastewater management for pollution control	Training programme on septage management	August	Bhitush@cseindia.org
16.	Water Sensitive Design and Planning	Training programme on water sensitive design and planning	August	Shivali, @cseindia.org
17.	Strengthening environmental regulators and governance	One week training programme for regulators	August	nivit@cseindia.org
18.	Strengthening environmental regulators and governance	Training for Gujarat Pollution Control Board	August	Sujit@cseindia.org
19.	Building capacity for pollution abatement and waste management	Training Programme on EIA (general)	August	Sadia@cseindia.org
20.	Building capacity for pollution abatement and waste management	Training Programme on EIA mining	August	Swati@cseindia.org
21.	Capacity building for air quality and mobility transition	Training programme for regulators on Air Quality, Clean Fuels, Vehicle Technology and Mobility Management	August	Priyanka@cseindia.org
22.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	Two trainings on digital outreach, new media/information management systems, web for advocacy	August	Kiran@cseindia.org
23.	Building a cadre of young professionals both national and international	Challenge of the Balance	August	Sharmila@cseindia.org
24.	Scaling up renewable energy: Wind	Wind EIA Training in City	September	Kanchan@cseindia.org
25.	Green Rural development	Training on Designing Rainwater Harvesting for Sustainable Drinking Water Supply Systems	September	Uday@cseindia.org
26.	Water conservation and rain water harvesting: Urban Lakes	Training programme on urban lake management	September	Uday@cseindia.org
27.	Strengthening environmental regulators and governance	One month training programme for regulators	September	nivit@cseindia.org

28.	Building capacity for pollution abatement and waste management	Training Programme on SIA	September	Sonia@cseindia.org
29.	Capacity building for air quality and mobility transition	Advanced level training on Sustainable Transport: Focus on Non-motorised transport and safe access	September	Priyanka@cseindia.org
30.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy at Africa	September	Kiran@cseindia.org
31.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	September	Kiran@cseindia.org
32.	Wastewater management for pollution control	Training programme on septage management	October	Bhitush@cseindia.org
33.	Wastewater management for pollution control	Training on Urban DWWT systems with WAB, Bangladesh	October	Chhavi@cseindia.org
34.	Water Sensitive Design and Planning	Training programme on water sensitive design and planning	October	Shivali@cseindia.org
35.	Strengthening environmental regulators and governance	Training for Gujarat Pollution Control Board	October	Sujit@cseindia.org
36.	Strengthening environmental regulators and governance	Two week training programme for regulators in Sweden and Norway	October	Sadia@cseindia.org
37.	Building capacity for pollution abatement and waste management	Training Programme on EIA (general)	October	Sonia@cseindia.org
38.	Environmental Leadership Programme and CSR	Training programme for environmental managers	October	Sonia@cseindia.org
39.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	October	Kiran@cseindia.org

40.	Wastewater management for pollution control	Training on decentralized wastewater management practices including reuse/ recycle	November	Chhavi@cseindia.org
41.	Strengthening environmental regulators and governance	Two week training programme on environmental governance in South Asia	November	Nivit@cseindia.org
42.	Building capacity for pollution abatement and waste management	Training Programme on Industrial Wastewater	November	Sonia@cseindia.org
43.	Building capacity for pollution abatement and waste management	Training Programme on Coastal Impact Assessment	November	Nivit@cseindia.org
44.	Building capacity for pollution abatement and waste management	Training on e waste	November	Sujit@cseindia.org
45.	Environmental Leadership Programme and CSR	Training Programme on Corporate Social Responsibility	November	nivit@cseindia.org
46.	Capacity building for air quality and mobility transition	Regional orientation workshop on Clean Air and Sustainable Mobility	November	Priyanka@cseindia.org
47.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	November	Kiran@cseindia.org
48.	Scaling up renewable energy: Wind	Wind EIA Training in City 2	December	Kanchan@cseindia.org
49.	Green Rural development	Training on Village Ponds and Lakes – Conservation & Management	December	Uday@cseindia.org
50.	Wastewater management for pollution control	National Exposure visit to BMPs / Case studies cum training for Municipal functionaries	December	Chhavi@cseindia.org
51.	Water conservation and rain water harvesting: Urban Lakes	National Exposure visit to BMPs / case studies cum training for Municipal functionaries	December	Uday@cseindia.org
52.	Building capacity for pollution abatement and waste management	Training on e waste	December	Sujit@cseindia.org

53.	Building capacity for pollution abatement and waste management	Training Programme on SIA	December	Sonia@cseindia.org
54.	Centre of Excellence for improved environmental management in Southern Countries	Training programme for stakeholders in Southern Countries	December	Sujit@cseindia.org
55.	Centre of Excellence for improved environmental management in Southern Countries	Two week global training programme in India For African Participants	December	Nivit@cseindia.org
56.	Capacity building for air quality and mobility transition	Training programme on Integrated Air Quality Management	December	Priyanka@cseindia.org
57.	Capacity building for air quality and mobility transition	Training Programme on Policy, Planning and Design for Sustainable Mobility (Global)	December	Priyanka@cseindia.org
58.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy at Delhi (Global)	December	Kiran@cseindia.org
59.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	December	Kiran@cseindia.org
60.	Strengthening environmental regulators and governance	Training for Gujarat Pollution Control Board	January	Sujit@cseindia.org
61.	Building capacity for pollution abatement and waste management	Training on Brick Kiln	January	Sujit@cseindia.org
62.	Building capacity for pollution abatement and waste management	Training Programme on Coastal Impact Assessment	January	Sadia@cseindia.org
63.	Building capacity for pollution abatement and waste management	Training Programme on SIA	January	Sonia@cseindia.org
64.	Environmental Leadership Programme and CSR	Training programme for environmental managers	January	Sonia@cseindia.org

65.	Water conservation and rain water harvesting: Urban Lakes	Training programme on urban lake management	February	Uday@cseindia.org
66.	Water Sensitive Design and Planning	Training on water sensitive design and planning	February	Chhavi@cseindia.org
67.	Outreach on green buildings	Training of CPWD officials on green buildings and affordable housing	February	Richa@cseindia.org
68.	Strengthening environmental regulators and governance	One week training programme for regulators	February	Sadia@cseindia.org
69.	Building capacity for pollution abatement and waste management	Training Programme on Municipal Solid Waste	February	Sadia@cseindia.org
70.	Building capacity for pollution abatement and waste management	Training Programme on Industrial Wastewater	February	Sonia@cseindia.org
71.	Building capacity for pollution abatement and waste management	Training programme on EIA (roads and highways)	February	Sonia@cseindia.org
72.	Environmental Leadership Programme and CSR	Training Programme on Corporate Social Responsibility	February	Sonia@cseindia.org
73.	Capacity building for air quality and mobility transition	Advanced level training on Parking Reforms for a Liveable City	February	Priyanka@cseindia.org
74.	To impart knowledge and skills and enhance capacities on new/social media, information management systems and web for advocacy	One training on digital outreach, new media/information management systems, web for advocacy	February	Kiran@cseindia.org
75.	Review of Architectural education	Orientation training for educators	March	Richa@cseindia.org
76.	Building capacity for pollution abatement and waste management	Two week training programme on EIA (general)	March	Swati@cseindia.org
77.	Centre of Excellence for improved environmental management in Southern Countries	Training programme for stakeholders in Southern Countries	March	Sujit@cseindia.org
78.	Centre of Excellence for improved environmental management in Southern Countries	Workshop/Training for stakeholders in Southern Countries	March	Sujit@cseindia.org

79.	Centre of Excellence for improved environmental management in Southern Countries	Two week global training programme in India	March	Sujit@cseindia.org
80.	Capacity building for air quality and mobility transition	Training Programme on Environmental Health	March	Priyanka@cseindia.org
81.	Capacity building for air quality and mobility transition	Regional orientation workshop on Clean Air and Sustainable Mobility (Global)	March	Priyanka@cseindia.org
82.	Adapting to climate impacts and loss and damage	Training on adaptation for practitioners and policy makers of the developing countries	To be decided	uthra@cseindia.org
